

Activities to Practice Spelling Words at Home:

Spelling City- Play games on Spelling City (link in my website)

ABC Order- Pick 5 spelling words at a time and practice putting them in ABC order

Magnetic Letters- Use magnetic letters or letter tiles to build words

Playdoh- Use playdoh to form the letters to make the words

Rhyme- Come up with rhyming words for each spelling word (can be real or nonsense words!)

KABOOM- Write the words on popsicle sticks. Write "KABOOM" on a couple sticks. Put them in a jar. Pull them out one-by-one, read the word. If you pull, KABOOM you have to put them all back in the jar.

Sight Word War- playing with a partner, use 2 stacks of sight word cards, each player flips over a card. Whoever reads the word first keeps the cards. Person with most cards wins!

Memory- have 2 sets of sight words mixed and turned upside down, flip over a card and try to find its match. Person with most matches wins!

Guess the letter- playing with a partner, pick a word and put that many blank spaces. Partner guesses letters until the spelling word is revealed. (like Hangman)
